HAMISH AND ANDY

These two talented entertainers, writers, producers and comedians have been among Australia's most popular media performers for well over 10 years.

In June 2015, Hamish and Andy made their highly anticipated return to the HIT Radio network, once again hosting their top rating week day national Drive show. After a fabulous farewell tour at the end of 2017, this

year they made the exciting move to podcasting, launching their own top rating show for the Podcast One network.

2017 saw another sensational development, as they returned to the Nine Network with the debut of the AACTA and Logie nominated 'True Story with Hamish and Andy'. They continued its success with Season Two in 2018.

After meeting whilst studying at University, Hamish and Andy commenced their careers on radio in the early noughties, rising to unparalleled success with listeners and becoming the highest rating radio program in Australian history. Their national drive show reached around 2.5million listeners each week and held that audience for an extraordinary 4 years, before they retired from the drive slot in 2011 to pursue other media ambitions.

With a desire to establish their careers on TV, they continued to entertain audiences, this time with a stream of successful seasons of their global "Gap Year" expeditions, airing on the Nine Network. The show featured the boys' escapades in New York, the UK, Asia, South America, India, New Zealand and Europe, earning 3 Silver Logies for the show and a Silver and Gold Logie for Hamish personally.

Together with mainstream radio and TV, they've also held comedic reign with their podcasts, having topped the iTunes charts as the #1 Australian radio podcast. In 2008 Hamish and Andy released their "Unessential Listening" CD that went platinum, selling well over 100,000 copies. In 2010 they released a second CD to great acclaim, "Celebrating Over 50 Glorious Years".

Throughout their careers, the boys have made welcome guest appearances on shows such as The Project, Molly, Spicks and Specks, Have You Been Paying Attention, Rove, Thank God You're Here, Talkin' 'Bout Your Generation, Kinne and Open Slather as well as feature film appearances by Hamish in 'Two Little Boys' and 'Now Add Honey'.

Hamish and Andy receive excellent reviews for everything they do in the corporate arena and they continue to command huge interest both in Australia and internationally.
